Soothing & Lubricating  
5mL

(Sodium Hyaluronate)

OPHTHALMIC SOLUTION 1.8mg/mL

ہسپا اوپتھلیمک سلوشن  
۵ ملی لیٹر  
۱.۸ ملی گرام / ملی لیٹر  
(سڈیم ہائیپورونیت)

**COMPOSITION:**

Each mL contains: Sodium Hyaluronate.....1.8mg  
Genix Specification.

**PROPERTIES:** Hyspa ophthalmic solution is an aqueous solution of Sodium Hyaluronate and contains a number of importance ions that are also found in normal tears. It is the only lubricant eye drop preparation that contains both Hyaluronate and essential ions and as such is very close in characteristics to the natural tear film. Due to its unique formulation Hyspa Sterile Ophthalmic solution offers patients with sensation of ocular dryness an unmatched combination of symptomatic relief, protection and comfort.

**INDICATIONS & USAGE:** For the relief of burning, irritation and discomfort due to dryness of the eye due to exposure to dust, smoke, air conditioning, extended computer use or contact lens wear. May also be used as protectant against further irritation. Relieves dryness and provides soothing, refreshing and cooling effects.

**DOSAGE AND ADMINISTRATION:** Two to Three drops 2 to 3 times in the affected eye(s) daily or as directed by the physician.

**CONTRAINDICATIONS:** Hyspa Sterile Ophthalmic solution is contraindicated in those individuals who are hypersensitive to any of its components.

**INSTRUCTIONS:** Store below 30°C. Protect from heat & light. Keep all medicines out of the reach of children. Shake well before use. The content should not be use more than four weeks after first opening the bottle. Tighten the cap securely after use.

**For Ophthalmic Use Only**

**PRESENTATION:** Hyspa Sterile Ophthalmic solution 0.18%w/v is available in bottle containing 5mL solution.
